March 20, 2015

LeasePak Version 6.4a MR10 Release Bulletin

Release 6.4a MR10

Discrepancies Fixed

Version	Build	Ticket	Description
6.40	3745	535643	When restarting U0482 after a EOP failure there is a chance that the lpaeopdrv could fail due to insufficient memory.
6.40	3744	534172	Clear \$udata during db_restore
6.40	3743	534114	Oracle db_restore fails evidently due to duplicated bcp file names in the task list.
6.40	3742	533956	EOP crashes in both U0301 and U0302 with H type invoices. EOP U0302 apply credit memo fails when an H type and fully paid I type invoice has the same due day. U0301 also terminates when the H type invoice already exists.
